GOOD CATCH UPDATE: ANIMATION – *READY FOR A RESCUE?* – ENGINE ROOM FIRE RESCUE

A successful plan for locating and retrieving a missing crew member(s) in the engine room during a fire requires that the crew practice their responses regularly before ever having to implement them in an emergency. Make a Good Catch by developing a search and rescue plan and having the crew practice those procedures during drills.

In this context, your Managers are pleased to present the latest animation instalment of the Club's *Good Catch* initiative:

- [Ready for a Rescue? - Engine Room Fire Rescue](#) available in English, with new and traditional Mandarin subtitles.

To access the Mandarin translations, click on the three vertical dots in the lower right-hand corner of the screen. A box, as seen in the example below, will appear. Click on “Captions” and the options for the translations will appear.

As a reminder, all *Good Catch* alerts and animations are posted at the Club's website at:

https://www.american-club.com/page/good_catch

Your Managers recommend that Members take note of this information and be guided accordingly.
